## Goldmine Gummies – Find Your Goldmine

What if Breez made gummies? It would probably look a lot like this sweet-and-tart, fruity, chewy, terp-drenched, 100% vegan weed candy that remains melt-proof in even the hottest beach baskets. One of the largest gummies on the market by mass, rich with full-spectrum cannabis, Goldmine is a true heavy hitter – All in the handiest dang tins this side of the Rio Grande.

Fun and powerful  
highs in a great  
tasting, all-natural  
vegan gummy.
